SUPERINTENDENT'S REPORT

To the Superintending School Committee and Citizens of the Town of Liberty:

I herewith present my annual report of the schools of Liberty:

Only two teachers who taught for us last year are with us the present year. Much better results are obtained if a competent teacher can be employed at least one year in the same school.

A great disadvantage in the work is the employment of several inexperienced teachers each year. It seems to me that this might be partly obviated by offering some of our best young teachers an increase in wages for the next school year on condition that they take a course at a summer school at the next vacation.

The chemical toilets for the high school building will be installed in the spring, as soon as possible.

Our high school is prospering under the efficient management of Mr James B. Sprague of Franklin. There are four students in the second year class and twelve in the first year class. They are doing very good work, when you take into consideration the preparation of the classes. It is impossible to prepare the pupils for the high school under the eight grade system, with only thirty weeks in the school year.

A great improvement has been made on the walls and ceiling of the school room at Sherman's Corner. The ceiling should be whitened, thus affording better light for the pupils' eyes. The school room at South Liberty needs some work on the walls and ceiling. They are now dark and dingy.

We have a fair supply of text-books, but many of them are out of date and should be exchanged for later editions.

Several years ago the high school students raised the sum of one hundred-four dollars and twenty cents, to be expended towards buying a school lot. This money was placed in my hands last summer to be used for grading the new lot. A part of this money has been expended as follows:

W A Moody and team two days	\$10.00
W Ordway and team two days	10.00
C Ludwick and team two days	10.00
C S Knowlton, man and team two days	15.00
Bert Murray, one day	2.50
C H Bagley, one day	2.50
Total	<u>\$50.00</u>

Leaving a balance of \$54.20 in the hands of your superintendent This balance will probably be expended in the spring Recognition is due Mr. A. B. Sherman who worked two days without charge. If a small sum is appropriated each year, the lot would soon be a credit to the village.

In conclusion, I wish to thank the school committee for their assistance and support. To the teachers who have labored honestly and industriously and those citizens who have given their support, I wish to express my appreciation.
